

# CIRCUS

SUMMER 2026

### *“Timeless style thoughtfully made”*

*Circus Clothing is an independent Irish fashion brand rooted in sustainability and inspired by vintage design. Our collections are bold, joyful, and unique—created to help women feel confident, express their individuality, and add a touch of nostalgia to their everyday style.*

### *“A Promise of People, Process & Purpose”*

At Circus Clothing, sustainability isn't a buzzword—it's how we live, design, and collaborate. From the very beginning, our approach has been personal, rooted in relationships and a deep respect for every step of the process.

*"At Circus, sustainability means looking people in the eye, telling the truth, and doing things right—even when it's not the easiest path. It's a promise we've kept since day one. And we're proud to keep doing things differently—because that's the only way we know how".*
